

PRAYER NEWS LETTER

MISSION NEWS

The Lord has been very faithful to us in 2008 regarding the burden of missions; which comes under the following:

- Reaching out with the Kingdom/Sonship vision to such places as the Lord opens the door (within and without Nigeria).
- Contributing to the strengthening of the vision and understanding of God's people, even in such places where the light of the vision is already shining.
- Relating with brethren in such places outside Nigeria on the Kingdom/Sonship vision for *“iron to sharpen iron, and deep to call unto deep”*.

In 2008, brethren at one time or the other travelled along the West Coast, to Togo, Ghana, Cote D'ivore, Sierra Leone, Cameroon. Also, brethren travelled to Canada, United Kingdom and USA.

In all these, God both faithfully provided the funds through His children, granted safety all through and also caused the good impact of His great work in Nigeria to be felt in other parts of the world. TO HIM BE ALL THE GLORY!

- ◆ **Venue:** Faith Plaza, Bariga, Lagos.

The logistics for our conferences are expected to take a new turn from 2009. The target is to provide a general accommodation with a minimal level of comfort; such that all who intend to attend are not denied based on the conference fees.

The arrangement for the 2009 Lagos Conference is as follows:-

- (1) Hotel accommodation is to be arranged for about 3,000 persons.
- (2) The General Conference fee may not exceed N2, 000 per person; and includes hostel lodging and feeding. Free transportation will also be provided.
- (3) The total amount to provide such facilities for about 3,000 persons comes to about N16 m. The subsidy required is about N12; expected to be provided through freewill offerings from individuals and fellowships. Many fellowships have pledged substantial amounts but other fellowships are encouraged to pledge what they can offset. So also individuals. The time to redeem the pledge is December 2008; but those who cannot afford to, may do

so later (Especially individuals).

- (4) Provision is still being made for those that desire hotel accommodation; but a room is expected on the average to be about N50, 000 for all the conference days. Details will come later.
