

Young Adults National Conference

(National Conference of Brethren of 25-40 years age bracket, Single & Married)

THE BURDEN:

About 18 months ago, the Lord spoke to the Leadership of the Emergent Church in Nigeria to pay closer watch upon and also give more attention to brethren within the age bracket of 25-40 yrs. The reasons are understood to be 2-fold:

- (1) The brethren in such age bracket are a great asset to this work and effort should be made to impart much into them.
- (2) The brethren in this age bracket are often the targets of satan, knowing their assets to the Kingdom of God. Hence, deliberate effort should be made to impart to them such truths that will enable them keep themselves from satan's arrows & thereby be of a great use to God's Kingdom.

THE AGE BRACKET:

The 25-40 years is merely to let us have an idea of the category God has in mind, hence it is not entirely restrictive.

DATE: JANUARY 12TH-14TH, 2007.
